INTRODUCTION

Welcome to the K.O.P.L.A. Instruction Manual. This manual is designed to guide you through the use and maintenance of the K.O.P.L.A. system. Please read this manual carefully before proceeding to ensure safe and efficient use.

SAFETY WARNINGS

Safety Warnings:

Your safety is our top priority. Please read and follow these safety instructions carefully:

Never look at your phone while driving, only look at the application once your car has come to a complete stop.

Never share your password with anyone.

PRODUCT OVERVIEW

Product Overview:

The K.O.P.L.A.'s purpose is to allow schools to effectively manage the school pickup lane for parents getting their children. The system is web based and utilizes geofencing location. The objectives of our system are to increase organization and optimize the time it takes for each child to be picked up from the carpool lane, and reduce the number of teachers needed to actively identify cars as they come in.

Geofencing to detect guardians as they enter the school's pickup lane.

Pickup zone direction for more efficient child pick up.

User-friendly interface with an intuitive display.

The screenshot shows a 'Create Account' form on a black background. The form is white with rounded corners and contains the following fields: 'First Name', 'Last Name', a dropdown menu with '*****SELECT*****' and a downward arrow, 'Email', 'Password', and 'Confirm Password'. Below these fields is a blue button labeled 'Create Account'. At the bottom of the form, it says 'Already have an account?' followed by a purple link labeled 'Sign in'.

USER OPERATION - PICKUP

User Operation:

Using K.O.P.L.A. is straightforward. To begin, follow these steps:

LOG IN to the web application.

KEEP the web page running on your mobile device, when you enter the school's pickup line you will be automatically placed in the queue.

FOLLOW the queue on the web page dashboard and enter into the Pickup Zone the queue directs you to.

RECEIVE your child and exit the school area.

USER OPERATION – Edit Profile

Edit Profile:

To edit your profile, follow these steps:

NAVIGATE to the “Settings” tab along the top.

CLICK “Edit Profile” on the left side to edit your name and email address. To update your email, you MUST verify the change from your current email.

CLICK “Notifications” to update your notification preferences.

CLICK “Change Password” to update your password.

SAVE your changes.

The screenshot displays the user interface for editing a profile. At the top, a dark navigation bar contains three tabs: 'Dashboard', 'Settings', and 'Logout'. The 'Settings' tab is highlighted with a pink oval. Below the navigation bar, on the left side, there is a vertical menu with four buttons: 'Edit Profile', 'Notifications', 'Change Password', and 'Logout'. The 'Edit Profile' button is circled in yellow. To the right of this menu is a large white box titled 'Edit Profile'. Inside this box, there are three input fields labeled 'First Name', 'Last Name', and 'Email'. Below these fields is a blue 'Save' button, which is circled in pink.
